

WORKOUTS

Our attorneys are adept at negotiating forbearance and debt restructuring agreements, and acting to protect creditors' rights in connection with insolvent debtors. If litigation or foreclosure is unavoidable, together with our Bankruptcy and Business Reorganization and Litigation practice groups, we skillfully assist our clients in enforcing their rights as secured and unsecured creditors, whether in bankruptcy proceedings, actions to enforce remedies under Article 9 of the Uniform Commercial Code (UCC), actions on notes and guaranties and any other necessary remedy. Our attorneys are also experienced in enforcement of judgments by executing upon real and personal property, whether through a power of sale, deed in lieu or other method of foreclosure.
