## **SAFETY CULTURE: WHAT EVERY NUCLEAR WORKER SHOULD KNOW**

Employers in the nuclear industry are often looking for fresh ways to communicate the importance and characteristics of a strong Nuclear Safety Culture. Our new Guide—"Safety Culture: What Every Nuclear Worker Should Know"—is designed to supplement ongoing programs to communicate Safety Culture expectations at all levels of the nuclear workplace. It is written in plain, practical language and offers a fresh tool for promoting Safety Culture. The Guide is priced for bulk orders and company-wide distribution. For order and pricing information, please contact Priscilla Owens, [powens@cwlaw.com](mailto:powens@cwlaw.com) or (202) 887-5711.
