Daniel Kim is a special counsel in the Intellectual Property Practice Group in the firm's New York office.

### Areas of Practice

Daniel is an experienced trial lawyer specializing in patent matters across various technical fields. He has represented both foreign and domestic clients in high-stakes intellectual property disputes in multiple jurisdictions, including federal district courts, the Court of Appeals for the Federal Circuit, and the United States International Trade Commission. Daniel has extensive experience at all stages of litigation, from pre-suit investigation through trial and appeal, and has managed day-to-day activities of large-scale litigations.

Daniel is a native Korean speaker and earned his B.S.E. degree from Duke University with dual majors in Biomedical and Electrical Engineering.
