Keith Garner is a partner and Practice Group Leader of the Real Estate, Land Use, Natural Resources and Environmental Practice Group in the firm's San Francisco office.

Areas of Practice

Mr. Garner's practice focuses on federal and state environmental laws, land use planning and entitlement procedures, and natural resources permitting issues for large residential, commercial and mixed use communities, energy transmission projects, as well as energy-generation-related construction, including wind and solar facilities. He provides legal and strategic planning advice to clients at every stage of the complex development process, including due diligence for land acquisition, project planning and permitting, regulatory compliance, and land use litigation. He handles a wide range of state and federal regulatory matters, including endangered species, wetlands, water quality and land use issues, initiatives and referendums, environmental review under the California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA), Williamson Act contracts, and State Lands issues.

Prior to joining Sheppard Mullin, Mr. Garner worked as an urban planner in Boston, Massachusetts, and as a research fellow at the Harvard University Center for Urban Development Studies, where he participated in international development and research projects in Eastern Europe, the Middle East, Sub-Saharan Africa and Latin America.

Honors

Real Estate and Construction, *Legal 500*, 2015-2018

Experience

Representative Matters

Project Planning and Permitting:

- Represented developer on wetlands, water quality, and endangered species permitting for 250 MW solar generation project in Imperial County.
- Represented developer of 10-building, 305-unit apartment complex in Vista, California in local entitlement and CEQA processes, and natural resources permitting from U.S. Army Corps of Engineers, U.S. Fish and Wildlife Service, California Department of Fish and Wildlife, and California Regional Water Quality Control Board.

- Represented owners/developer in three separate exchange and boundary line agreements with the State Lands Commission.
- Due Diligence:
 - Conducted wetlands, endangered species, and cultural resources diligence for more than a dozen solar and wind projects in Illinois, Nebraska, Texas, Oklahoma, New Mexico, Montana, Idaho, and California.
- Litigation and Administrative Enforcement:
 - Represented defendant in administrative enforcement actions concerning allegedly unauthorized grading activities brought by U.S. Army Corps of Engineers, U.S. Fish and Wildlife Service, California Department of Fish and Wildlife, and California Regional Water Quality Control Board.
 - Represented restaurant owner in enforcement proceedings and permitting before the Bay Conservation and Development Commission.
 - Successfully defended developer in federal court against citizen suit challenge to a Stanislaus County development project involving Endangered Species Act, Clean Water Act, and NEPA claims. *Protect Our Water v. Flowers*, 377 F.Supp.2d 844 (E.D. Cal. 2004).
- Administrative Advocacy:
 - Represented industry association in rulemaking proceedings before agency concerning the adoption of state wetland definition and permitting procedures in 2016 and 2017.
 - Represented industry associations in administrative rulemaking proceedings before the U.S. Fish and Wildlife Service and state regulators related to the state and federal Endangered Species Act.
