

Data Breach Bootcamp

IAPP Europe Data Protection Intensive 2018

London

04.17.2018

Speakers:

Sylvie Rousseau

Liisa Thomas

Description:

With GDPR, the reality of data breach notification and response is truly hitting home for EU companies. This unique, interactive simulation will help you prepare your company for a data breach. We will cover the various stages of a breach, from investigation, notification, post-incident follow-up, and more. We will address how to handle tricky legal notification issues as well as how to balance risk when public relations reasons require disclosure before full facts are identified.
