

We Will Get Through This. Together.

Energy Industry Webinar
03.26.2020

As in all other areas of life, the coronavirus crisis is disrupting the energy sector like no other event in recent times. Every day brings a new set of unprecedented challenges. However, we will get through this. Together.

With that in mind, as a follow up to the webinar we held last week, we will be hosting an industry-specific meeting for the energy sector tomorrow to discuss urgent topics all of us are facing. Our hope is that this is the most practical and helpful 75 minutes of your day. In some cases, we will have answers or best practices to share. In other cases, we will have informed discussions on real-time topics affecting how all of us manage and adapt our businesses. Your success is our success.

We have assembled the following leading experts and topics for our agenda:

- Coronavirus Latest Update - Dr. James McKinnell, M.D., Professor of Infectious Disease, UCLA
- Keeping Entitlements Moving - Jeff Forrest, Partner Sheppard Mullin
- Tax Equity Update - Andrew Ratts, Partner, Sheppard Mullin
- What to do about Projects under Construction - Erinn Contreras, Partner, Sheppard Mullin
- Managing Human Capital during Crisis- Steve Lancaster,
Managing Director, Deloitte
