

US Mexico Chamber - Invitation to U.S. Distressed Companies and Assets: A Window of Opportunity for Foreign Investors

08.19.2020

Inter-American & Northeast Chapters, invite you to join us for a videoconference to discuss how the U.S. distressed companies and assets could represent a business opportunity for foreign investors.

Discussion Topics:

Understanding the distressed companies and assets market in the United States: Legal, Operational and Financial Framework.

Emerging opportunities as a result of the COVID-19 pandemic in the U.S.: Potential for strategic partnerships, acquisitions (out-of-court and court supervised), active and passive investments, debt restructurings and refinancing, divested asset acquisitions.

Due diligence: Important and unique financial and legal elements to be considered for U.S. distressed assets and companies.

Valuation and Risks Assessments (legal, operational and financial).

Structuring: Vehicles and structures available and suggested for foreign investors.

Turnaround and operation of distressed companies in the U.S.

When?

Wednesday, August 19, 2020
