

Federal Contractor Vaccine Mandate Executive Order Webinar

Webinar

09.30.2021 | 2:00pm – 3:00pm EDT

Event Sponsor: The Coalition for Government Procurement

Please join the Coalition this **Thursday, September 30th** from 2:00pm – 3:00pm EDT for a one-hour webinar titled the “*Federal Contractor Vaccine Mandate Executive Order*,” presented by Sheppard Mullin partners **Jonathan Aronie** and **Ryan Roberts**.

On September 24, 2021, the President’s Safer Federal Workforce Task Force issued its short-awaited Guidance to federal contractors following the very recent publication of Executive Order 14042 (Ensuring Adequate COVID Safety Protocols for Federal Contractors). For contractors hoping the guidance would make it easier for you simply to say your whole company is covered, you’re in luck. For those contractors hoping to avoid the reach of the new rule, that goal just became harder to achieve. The Guidance is 14 pages, and includes a few general statements, three specific requirements, and multiple Q&As. In short, there’s a lot to digest.

The purpose of the webinar is to help you understand the Task Force’s Guidance and to prepare for the impact on your company. Topics covered will include (among other things):

- Key elements of the Executive Order and Task Force Guidance
- Scope of covered contracts, employees, and locations
- Timeline for implementation
- Compliance scenarios and best practices

The session is suitable for lawyers, contracts managers, business leaders, and ethics/risk officers and we look forward to your participation!
