

Tech Me Up! Session #6: AI at Work - Taking the "Human" out of Human Resources?

11.15.2023 | 5:00-6:00 PM CET

Event Sponsor: Taylor Wessing

Our panel of speakers will be looking at the use of AI in the world of employment law and people issues across the UK and Europe, and comparing this with the experience in the US with the help of our guest speaker. We will look at how AI has been used effectively in this space already, the regulation in place or proposed to limit the risks that AI potentially poses in this area, and horizon scan to explain how we see the use of AI evolving, and key areas for growth.
