

Accelerating North America's Green Hydrogen Economy – Regional Green Hydrogen Infrastructure Integration

From Idea to Infrastructure: Scaling Private Investment to Scale the Green Hydrogen Economy

Paséa Hotel & Spa, Huntington Beach, CA

12.06.2023 | 9:50 - 10:30 AM

Event Sponsor: Catalyst H2™

This session will feature the perspectives of key stakeholders (investors/fund management, investment banking/project finance, and insurance/risk management) who are mobilizing mass scale private investment to realize a mass scale green hydrogen economy. They will share their perspective about what's needed for bankability and the impacts of recent federal policy, including the Bipartisan Infrastructure Law, the Inflation Reduction Acts and 45V implementation within the context of domestic and international GH2 market development and global geopolitical and capital market trends.
