

NAFOA 42nd Annual Conference

Fueling Tribal Futures in the New Energy Economy

Hollywood, FL

04.30.2024 | 2:30-3:30 PM

Historic levels of public and private sector investments in energy development presents an immense opportunity for tribal governments to develop their own power generation and independence. Learn about exciting opportunities presented in programs such as the Loan Program Office and Inflation Reduction Act's (IRA) Elect/Direct Pay Provisions. The panel of experts will discuss setting tribal energy goals and taking advantage of current funding to make tribal energy development into a reality.
