

The Changing Regulatory Environment for Blockchain, Crypto and NFTs

08.15.2024 | 10:30 AM EDT

Event Sponsor: Guidehouse and ISACA Greater Washington, D.C. Chapter

This presentation will address the recent changes in the regulatory environment for Blockchain, Crypto and NFTs and why these changes may drive greater activity in this space. Specific topics to be covered:

- An overview of the Blockchain, Crypto and NFT industry and technology
- An overview of the historical regulatory environment
- The power struggle between the CFTC and SEC and how that is likely to be resolved
- How the market has turned the tables on the SEC and overview of some of the significant legal battles
- The potential impact of the upcoming election on the regulatory environment

Speaker:

- James Gatto, Partner, Sheppard Mullin
