

Lessons Learned for Dispute Resolution on Design-Build Projects

04.01.2025 | 8:30-10:30 AM

Event Sponsor: DBIA

Join us for an engaging panel discussion exploring the intricacies of construction claims in design-build versus traditional design-bid-build projects.

Key Topics:

- **Root Causes of Disputes:** Examine what triggers disputes in design-build projects and how these differ from traditional methods.
- **Claims Dynamics:** Discover how dispute dynamics have shifted, with conflicts now emerging within the design-build team itself.
- **Proactive Measures:** Learn strategic steps for contract drafting and field practices to prevent or quickly resolve disputes, ensuring smoother project execution.
- **Effective Dispute Resolution:** Gain insights into the best procedures for tackling the unique challenges of design-build projects.

Speaker:

- Emily Anderson, Partner, Sheppard Mullin
