

Part 4: Understanding the Impact of the DEI Executive Orders for Federal Contractors

Webinar

10.22.2025 | 12:00-1:00 PM EDT

Event Sponsor: The Coalition for Common Sense in Government Procurement

By popular demand, the Sheppard Mullin Team has agreed to return for a fourth installment of their popular “Understanding the Impact of the DEI Executive Orders for Federal Contractors” webinar series.

This edition is particularly important because DOJ has begun targeting companies under the False Claims Act for alleged DEI violations. Accordingly, after a summary of the last five months, Part 4 will provide an update regarding:

- New DOJ activity,
- State/Federal tension,
- Status of agency actions and court litigations,
- Status of the threatened contract clauses, and
- Answers to your questions.

Jonathan Aronie and Ryan Roberts will also share practical insights founded upon their day-to-day work with federal contractors and grantees, as well as with subcontractors and sub-grantees.
