

Pharmaceutical Compliance Congress 2026

The Ritz-Carlton, Tysons Corner, McLean, VA
April 27-29, 2026

Join us at PCC 2026, the premier compliance conference for the pharmaceutical industry, where leading pharma compliance professionals and senior compliance officers will share their expertise. Our speakers, exclusively from life science compliance and legal departments, will lead thought-provoking discussions on pharmaceutical compliance, pharma ethics, and regulatory excellence. This event is designed to empower life sciences professionals with actionable insights and innovative strategies to achieve compliance excellence and uphold ethical standards in the pharmaceutical industry.

Partner Scott Liebman will be speaking on the panel "Law Firm Benchmarking Session - Chairs of Life Science Groups in Law Firms" on April 28 from 12:00-12:50 PM.

Panel Discussion Topics:

- Analysis of the most recent Executive Orders impacting (Bio)pharmaceutical companies
- Implications of the Big, Beautiful Bill and Most Favoured Nations Pricing
- Update on FDA activity
- Litigation against the Administration
