Real Estate Round Table Monthly Educational Forum Presents:

Land Use Issues for Development Projects The Latest Issues and Trends

Speakers:

Judy V. Davidoff and Miriam Montesinos - Sheppard Mullin Richter & Hampton LLP

Co-Chairs

Theani Louskos and Andrea Soria - Bartko, Zankel, Tarrant & Miller

Overview:

Our speakers, Judy Davidoff and Miriam Montesinos, specialize in land use, environmental and development law for projects throughout California. The program will focus on key issues in the land use approval process today and the major regulatory hurdles facing development projects: CEQA issues (including global climate change, energy, urban decay, and air quality) and adoption of big box ordinances - and will offer practical advice on how developers can structure transactions to limit these regulatory risks.

MCLE CREDIT: 1.00 Hour. This activity is approved by the State Bar of California for Minimum Continuing Legal Education: Bartko, Zankel, Tarrant & Miller, a professional corporation, certifies that this activity conforms to the standards of approved education activities prescribed by the rules and regulations of the State Bar of California governing continuing legal education.
