

Sheppard Mullin Represented Majesco in Acquisition of Global IQX by Majesco Canada Ltd.

10.07.2022

Sheppard Mullin advised Majesco, a global leader of cloud insurance software solutions for insurance business transformation, in Majesco Canada Ltd.'s purchase of Global IQX, a SaaS-based insurtech delivering market-leading solutions insurers rely on to streamline, automate and transform the way they do business.

With the addition of 16 customers, a powerful underwriting workbench and enrollment and artificial intelligence solutions, the acquisition will be a major step in Majesco's North American strategy and market positioning in the L&AH industry. The combined solution portfolio of Global IQX and Majesco will expand the breadth and depth of the customer experience to improve operational effectiveness, underwriting profitability and enable innovation to meet the changing workforce needs and expectations.

The Sheppard Mullin deal team was led by Matt McCalip and Valérie Demont and included Niya Tang, Zana Operta, Dan Yannuzzi, Theo Mayer and Lindsay Stone.
