

Sheppard Mullin Represented Eqlipse Technologies in Acquisition of UES, Inc.

04.04.2023

Sheppard Mullin represented private equity firm Arlington Capital Partners and its portfolio company Eqlipse Technologies in its acquisition of UES, Inc., a Dayton-area science and technology institution. Arlington Capital Partners' Eqlipse platform is designed to provide innovative products and high-end engineering solutions to critical partners within the Department of Defense and Intelligence Community. UES will unite their mature research and development infrastructure with Eqlipse's industry-leading full-spectrum cyber and signals intelligence (SIGINT) engineering, intelligence operations and identity management capabilities, to provide end-to-end mission-oriented solutions to key national security customers.

The Sheppard Mullin deal team was led by partner Frank Bacelli and associates Jeff Bowling, Lauren Ash and Shinduk Seo. Invaluable assistance was provided by Michael Baranovic, John Crisp, Keith Gercken, Sean Kirby, Fatema Merchant, Olivier Theard, Carlo Van den Bosch, Robert Gorzelany, Verity Rees, Sarah Blitz, Elfin Noce and Jarred Ramo.
