

Manners, Experts And A Plan: Immigration Agents in Hospitals

Law360

05.20.2025

In Part 2 of the Healthcare industry team’s Healthcare Insights Webinar Series partners Sara Shanti and Jonathan Meyer explored key federal actions from the Trump Administration and discussed best for preparing and navigating the resulting rapidly changing landscape. Their presentation included an in-depth discussion on how to handle potential encounters with ICE agents – specifically addressing what to do if ICE appears at your healthcare facility, how immigration laws come into play, and the critical privacy considerations that must also be considered.

Law360 highlighted several key takeaways from Shanti and Meyer’s presentation in the article “Manners, Experts And A Plan: Immigration Agents in Hospitals.”
