Introduction

The Comparison Document provides brief descriptions and fiscal estimates of the provisions that make up the executive recommended version and subsequent versions of the biennial main operating budget bill of the 130th General Assembly, House Bill 59. The document is arranged in alphabetical order by state agency. It also includes two nonagency items for which appropriations are made, Employee Benefits Fund (PAY) and Revenue Distribution Funds (RDF), as well as a Local Government Provisions (LOC) section for provisions that affect local governments and that are not entered in other agency sections. A Table of Contents follows this Introduction. Two indices are located at the end of the document. The first index gives the page number of each particular item within the sections; the second index lists cross-references by agency.

Generally within an agency's section, items that involve Revised Code changes come first, followed by items that involve uncodified (i.e., temporary) law provisions. The sections for the Department of Education and the Department of Taxation are first arranged by general topic areas. If an item affects more than one agency, it is described under one of the affected agencies, rather than all of the agencies. However, the other agencies are listed in the cross-referencing index at the end of the document. This index lists, for each agency, all entries that affect the agency but are not included in that agency's section as well as the page numbers for these entries. A reader who is interested in all provisions affecting a certain agency should consult the cross-referencing index in addition to the agency's section.

Each item is assigned a unique identification number. This number begins with an agency's three-letter Central Accounting System (CAS) code followed by a comparison document reference ("CD") and a number (DEVCD15, for example). A reader who wants to track an item across several versions of the Comparison Document may find the identification number useful.

The Comparison Document does not include appropriation amounts for the agencies. Please see the Legislative Service Commission's Budget in Detail spreadsheet for that information. For a complete discussion of the statutory changes in H.B. 59, see the Legislative Service Commission's Bill Analysis.

Modifies the law regarding wrongful imprisonment claims by providing that if an individual at the time of the wrongful imprisonment was serving concurrent sentences on other convictions that were not vacated, dismissed, or reversed on appeal, the individual is not eligible for compensation for any portion of the wrongful imprisonment that occurred during such a concurrent sentence.

Fiscal effect: The state could experience a decrease in annual GRF expenditures related to compensation payments to wrongfully imprisoned individuals. The potential magnitude of these savings however is unknown as such claims, both in number and award amount, vary greatly from year to year.

R.C. 2743.48, 2953.32

(1) Requires that the prosecuting attorney of the county in which a civil action to be declared a wrongfully imprisoned individual is filed defend the civil action and be provided with a copy of the complaint (under current law the Attorney General is served a copy of the complaint, but neither the Attorney General nor the county prosecutor is required to defend the civil action).

Fiscal effect: The elimination of the Court of Claims panel of commissioners (provision (1) above) will result in a cost savings for Fund 5K20 (CLA Victims of Crime Fund). The Court has six commissioners who are appointed by the Supreme Court of Ohio for six-year terms. Combined, the work of these six commissioners is equal to approximately three full-time employees; their work will be transferred to an existing magistrate. The Court anticipated the elimination of these commissioners, and thus built no funding for their compensation into its FY 2014-FY 2015 biennial budget. DDDCD10 ICF Efficiency Incentives for Indirect Care Costs

R.C. 5124.21

Reduces, beginning with FY 2015, the efficiency incentive that is part of the Medicaid payment rate for the indirect care costs of ICFs with more than eight beds to 3.55% (from 7.1%) of the maximum rates for indirect care costs established for the peer groups of such ICFs.

Fiscal effect: Estimated decrease in Medicaid ICF payments of about \$1.4 million (\$500,000 state share) in FY 2015.

R.C. 5124.21

Same as the Executive.

Fiscal effect: Same as the Executive.

R.C. 5124.21, Sections 259.200 and 259.210

Same as the Executive, but (1) delays, until FY 2016, the reduction in the efficiency incentive that is included in determining the individual Medicaid payment rate for the indirect care costs of an ICF with more than eight beds and (2) exempts an ICF from the reduction if it obtains ODODD's approval to become a downsized ICF and the approval is conditioned on the downsizing being completed by July 1, 2018.

Fiscal effect: None in FY 2014-FY 2015 biennium; in FY 2016, potentially less of a decrease than estimated under the executive's provisions (in FY 2015), depending on the number of ICFs that obtain approval to become downsized ICFs.

DDDCD19 Medicaid Rate Add-On for Outlier ICF Services

R.C. 5124.25, 5124.15, Section 259.220

Requires ODODD, subject to ODM's approval, to pay a qualifying ICF provider a Medicaid rate add-on for outlier ICF services provided on or after July 1, 2014, to a resident who is a Medicaid recipient, is under 22 years of age, is dependent on a ventilator, and meets other requirements established in rules.

Fiscal effect: Potential increase in Medicaid ICF payments in FY 2015, with potential offsetting decrease to Medicaid hospital payments, as hospitals currently provide such services.

Same as the Executive.

Fiscal effect: Same as the Executive.

R.C. 5124.25, 5124.15, Section 259.220

Same as the Executive, but permits ODODD to pay the rate add-on for such services provided on or after the effective date of this provision rather than on or after July 1, 2014.

Fiscal effect: Same as the Executive but beginning in FY 2014.

EDUCD92 Jon Peterson Scholarship Funding Formula

R.C. 3310.56, 3310.51

Replaces the formula used to calculate deductions from school districts and payments for the Jon Peterson Special Needs Scholarship Program. Specifies the formula for each student as the sum of the per pupil amount of the opportunity grant for the resident district and the amount for the student's special education category.

Maintains current law that restricts the amount to the least of the fees charged by the provider, the amount calculated above, or \$20,000.

Fiscal effect: Under current law, each scholarship has a base amount of \$5,704 plus the additional special education weighted funds. The provision decreases the base amount to the per pupil opportunity grant, which differs for each school district, but is never more than \$5,000, and increases the additional amount depending on the student's special education category.

R.C. 3310.56, 3310.51

Replaces the Executive provision with a provision that modifies the current calculation by replacing the formula amount and base funding supplements from FY 2009, with the current year formula amount, and updating the special education category weights to match those used for school districts.

Same as the Executive.

Fiscal effect: Increases the base amount to \$5,732 in FY 2014 and \$5,789 in FY 2015. The new special education weights generally result in higher amounts than the ones in current law.

Replaces the formula used to calculate deductions from school districts and transfers to community schools with a formula that is similar to the formula for traditional districts. Specifies the formula for each student as the sum of:

(1) An opportunity grant of \$5,000 ($\$250,000 \times 0.02$);

R.C. 3314.08, 3313.88, 3314.029, 3314.03, 3314.083, 3314.084, 3314.087, 3314.088 (repealed), 3314.11, 3314.13 (repealed), 3314.26, 5727.84

R.C. 3317.0212, Section 263.170	R.C. 3317.0212	R.C. 3317.0212
Modifies the pupil transportation formula to use the state share index from the new formula (see EDUCD83) instead of the state share percentage. Requires ODE to prorate the calculated amount for each district to fit within the appropriation. Removes pupil transportation funding from the main funding formula, so that it is no longer part of the main formula's guarantee or cap.	Same as the Executive, but (1) removes the following adjustments from the pupil transportation formula so that funding is based only on the greater of per rider or per mile costs for each district: (a) nontraditional ridership, (b) high school ridership, (c) distance adjustment to school districts that transport K-8 students who live between one and two miles from school, (d) efficiency; and (2) includes the formula payments and payments for students transported by means other than school bus service in the main formula.	Same as the House.
No provision.	Provides a transportation supplement for low-wealth and low density school districts equal to the difference between the district's unrestricted pupil transportation formula amount and the prorated amount.	Same as the House.

Counts kindergarten students as a true full-time equivalent (FTE) student in average daily membership (ADM), the student count used for the funding formula, instead of counting all kindergarten students as one FTE, regardless of the time spent in school (typically either full or half day).

Same as the Executive, but also (1) requires traditional and joint vocational school districts to certify ADM during the first full school week of each month, rather than only the first full week of October as required under current law, (2) specifies that a district's computed state operating funding be based on the annualized average of monthly ADM counts, (3) prohibits a traditional school district from categorically excluding a student from its reported number of economically disadvantaged students based on anything other than family income (this provision also applies to such reports by JVSDs, community schools, and STEM schools), and (4) permits a school district to charge fees or tuition for a student enrolled in all-day kindergarten only as long as the student is included in the student count reported to ODE as less than one FTE student.

Same as the House, but also eliminates provisions of current law and the bill that exclude any student enrolled in an Internet- or computer-based community school from the ADM of the district's students enrolled in each category of career-technical education programs.

Replaces the school funding formula in the Revised Code, which hasn't been used for city, local, and exempted village school districts since FY 2009, with a new formula that computes core foundation funding as the sum of the following:

Same as the Executive, but makes the following changes:

Same as the House, but makes the following changes:

(1) An opportunity grant of $\{\$250,000 - [\text{district's 3-year average valuation} / (\text{total ADM} + \text{preschool scholarship ADM})] \times 0.02 \times (\text{formula ADM} + \text{preschool scholarship ADM})\}$ (if the result is negative, then "0"); where formula ADM counts only 20% of the JVSD ADM and preschool scholarship ADM counts preschool children participating in the Autism Scholarship Program.

(1) Replaces the Executive calculation with an opportunity grant equal to formula amount x formula ADM x state share index, where formula amount equals \$5,732 in FY 2014 and \$5,789 in FY 2015; state share index equals 5% if a district's adjusted valuation index (AVI) is greater than or equal to 1.8, a scaled amount from 5% to 50% if a district's AVI is between 1.8 and 0.9, 50% if a district's AVI is 0.9, a scaled amount from 50% to 90% if a district's AVI is between 0.9 and 0.35, and 90% if AVI is less than or equal to 0.35; AVI is equal to a district's valuation index, unless a district's median

income index is less than it's valuation index, in which case AVI is equal to 1/3 the median income index plus 2/3 the valuation index; a district's valuation index is equal to the district's adjusted three-year average valuation in FY 2014 divided by the state average; a district's median income index is equal to the district's median Ohio adjusted gross income divided by the median district's median Ohio adjusted gross income; and a district's adjusted three-year average valuation is equal to the average of total valuation for fiscal years 2012, 2013, and 2014, adjusted for districts with exempt property equal to at least 30% of exempt plus taxable property by subtracting that 30%.

(2) Targeted assistance funds for 490 districts with lowest wealth per pupil, equal to: {[threshold district wealth per pupil – district wealth per pupil] x target millage x district wealth index x (formula ADM – e-school ADM – EdChoice ADM - Autism Scholarship ADM), where wealth per pupil is the average of 3-year average valuation and 3-year average income (FAGI) per formula ADM, the threshold district has the 490th lowest wealth per pupil, target millage equals 0.006 in FY 2014 and 0.007 in FY 2015, and the district wealth index equals state wealth per pupil/local wealth per pupil.

(2) Same as the Executive, but target millage equals 0.006 in FY 2015, and a second tier is added, where the second tier equals a percentage of the first tier allocation and the percentage ranges from 40% for a district with agricultural property that is 10% or more of real property to 0% for a district with no agricultural property.

(2) Same as the House, but subtracts Jon Peterson Special Needs Scholarship Program ADM.

(3) Special education additional aid equal to the sum of (the ADM in each special education category x an amount for each category) x state share index, where state share index equals {(district valuation index x (maximum district valuation index – minimum district valuation index)/0.9} x 0.1, with minimum of 0.05 and a maximum of 0.95, district valuation index equals state 3-year average valuation per total ADM/district 3-year average valuation per total ADM, and the amounts for categories 1-6 are: \$1,902; \$4,827, \$11,596, \$15,475, \$20,959, \$30,896. Transfers 15% of this amount to the Special Education Exceptional Cost Fund (See EDUCD91).

(3) Same as the Executive, but instead of an amount for each category, uses a category weight x 90% x formula amount, and the state share index is the same as that for the opportunity grant (see (1) above), where the 1-6 category weights are: 0.2906, 0.7374, 1.7716, 2.3643, 3.2022, and 4.7205.

Requires a school district to use the funding it receives for gifted coordinator services or gifted intervention specialist services only for that purpose. Requires a school district to employ qualified personnel to provide gifted coordinator services or gifted intervention specialist services on a full-time equivalency basis that corresponds to the units allocated to the district for that purpose. Requires a comprehensive single-district CTPD or a school district that is a party to a career-technical educational compact (not JVSDs) to spend at least 75% of career-technical education funding on costs directly associated with career-technical education programs and not more than 25% on personnel expenditures (an existing rule prescribes these same percentages for these same purposes for the expenditure of career-technical education funds by all types of providers). Discontinues the practice of counting a portion of students enrolled in county DD board schools in resident district ADM and transferring funding for these students from the resident district to the county board.	Same as the Executive, but also specifies that an existing requirement for a city, local, or exempted village school district to report the number of children, other than preschool children with disabilities, the district placed with a county DD board in fiscal year 1998 does not apply after fiscal year 2013. No provision.	Eliminates provisions from current law that provide for a payment in lieu of transportation to a student's parent when a school district board determines it is impractical to transport the student by school vehicle. (Under current law, the payment is no more than the average cost of pupil transportation in the previous year.)	Same as the House.
No provision.	If a student meets certain requirements, permits a student's parent, or the student if at least 18 years old, to apply for and receive a transportation subsidy in an amount equal to the lesser of (1) the statewide average cost of pupil transportation for the preceding school year or (2) the average cost of pupil transportation for the previous school year for the student's resident school district.	Same as the House.
No provision.	Requires ODE to deduct the amount of each subsidy awarded to a student's parent or student from the state aid account of the student's resident school district.	Same as the House.
No provision.	Prescribes that the implementation of the transportation subsidy provisions take effect on July 1, 2014.	Same as the House.
No provision.	Requires ODE to prescribe procedures and deadlines for the application and notice process for parents or students who choose to apply for the transportation subsidy.	Same as the House.
	Fiscal effect: Eliminates a FY 2015 earmark of \$5 million for payments in lieu of transportation from GRF appropriation item 200502, Pupil Transportation. (a) For students who receive instruction on the college campus, at another location operated by the college, or online, and taught by college faculty: 50% for students enrolled in public colleges and 75% for students enrolled in private colleges of the statewide average in-state tuition per credit hour for the type of college attended. (b) For students who receive instruction at the student's school taught by a college faculty member: 25% for students enrolled in public colleges and 50% for students enrolled in private colleges of the statewide average in-state tuition per credit hour for the type of college attended. (c) For students who receive instruction on the college campus, at another location operated by the college, or online but taught by a teacher employed by a secondary school, 25% for students enrolled in public colleges and 50% for students enrolled in private colleges of the statewide average in-state tuition per credit hour for the type of college attended. (d) For students who receive instruction at the student's school taught by a teacher at that school accredited by the college: nothing for students enrolled in public colleges and 25% for students enrolled in private colleges of the statewide average in-state tuition per credit hour for the type of college attended. (10) Permits a public college to include a student enrolled under the College Credit Plus Program in its count for "State Share of Instruction" state higher education subsidy purposes.	(10) No provision.	(10) No provision.

Executive	As Passed by the House	In Senate Finance
(12) Prohibits an institution of higher education from receiving reimbursement through an alternative funding agreement with a secondary school.	(12) Replaces the Executive provision with a provision that allows alternative funding agreements (as under current law), but prohibits an institution from receiving reimbursement through an alternative funding agreement that involves charging a participating student any tuition or fees.	(12) Same as the House.
(13) Qualifies students enrolled in a college-preparatory boarding school for the College Credit Plus Program.	(13) No provision.	(13) No provision.
(14) Eliminates the requirement to bring an action for reimbursement from a student that receives a failing grade in a college course under the program.	(14) No provision.	(14) No provision.
(15) Permits an institution of higher education to charge a participating student for textbooks, materials, or other fees directly related to the student's course and to enter into an agreement with a student's public or nonpublic school to pay any amount of such charges or to outline any other terms for the student's use of textbooks or materials.	(15) No provision.	(15) No provision.
Specifies that nothing in the new College Credit Plus Program should be construed as altering any existing agreements between any state institution of higher education and a career-technical planning district. Requires ODE and the Board of Regents to study and make recommendations by July 1, 2014, for including career-technical programs in the College Credit Plus Program.	No provision.	No provision.
No provision.	Specifies that ODE is prohibited from reimbursing a participating college for any courses that are not included in, or equivalent to courses included in, a transfer module or the Chancellor of the Board of Regents' Transfer Assurance Guide.	Replaces the House provision with a provision that prohibits ODE from reimbursing a college for any remedial college courses.
No provision.	Qualifies students who have been excused from the compulsory attendance law for the purpose of home education to participate in PSEO and includes such students in the definition of "participants."	Same as the House.

Executive	As Passed by the House	In Senate Finance
No provision.	Allows ODE to accept late applications for PSEO for the 2013-2014 school year from home-schooled students who wish to participate in the program during the 2013-2014 school year.	Same as the House.
No provision.	Requires that payments made to a participating college in which home-schooled students are enrolled in PSEO must be made in the same manner as payments made for participating students from nonpublic secondary schools.	Same as the House.
No provision.	No provision.	Requires ODE annually to compile a list of all institutions of higher education that currently participate in PSEO or in other dual enrollment programs and, not later than December 31 of each school year, to distribute that list to all school districts, community schools, STEM schools, and chartered nonpublic schools in the state.
No provision.	No provision.	Requires a district or school to provide the list of participating higher education institutions, as part of the counseling services required of the district or school prior to a student's participation in PSEO, to both the interested student and the student's parents or guardians.
<p>Fiscal effect: Deduction amounts from schools to make payments to institutions of higher education will likely change, but will depend on the statewide average in-state tuition per credit hour amount calculated by the Chancellor. Increase in the number of students counted in the State Share of Instruction (SSI) subsidy formula could result in a small decrease in the amount of subsidy funding per student. The bill earmarks about \$1.89 million in FY 2014 and \$1.94 million in FY 2015 in GRF appropriation item 200511, Auxiliary Services, to fund students enrolled in the program who attend nonpublic secondary schools. Possible increase in costs for institutions, school districts, and the Ohio Board of Regents due to additional administrative requirements.</p>	<p>Fiscal effect: Increases the tuition base to \$5,732 in FY 2014 and \$5,789 in FY 2015. Because home-schooled students may qualify for PSEO, more students may be eligible to participate in the program. Funding for nonpublic students is limited by the earmark in GRF appropriation item 200511, Auxiliary Services, and funding for home-schooled students is limited by the earmark in GRF appropriation item 200550, Foundation Funding (see CDEDU23).</p>	<p>Fiscal effect: Same as the House, but also a minimal increase in administrative burden for the Chancellor to make recommendations regarding the College Credit Plus Program and a minimal increase in administrative burden for ODE to compile and distribute a list of participating institutions.</p>

FCCCD9 Amendment to Project Agreement for Maintenance Levy

Section: 282.60

Requires SFC to amend the project agreement between SFC and a school district that is participating in the Accelerated Urban Initiative (AUI) if SFC determines it is necessary to do so in order to comply with the change in maintenance levy requirements enacted by H.B. 1 of the 128th G.A.

Fiscal effect: H.B. 1 of the 128th General Assembly changed the maintenance levy requirements for the six AUI districts (Akron, Cincinnati, Cleveland, Columbus, Dayton, and Toledo) to run for 23 years from the date the initial segment is undertaken, instead of extending for 23 years after the district's last segment was undertaken (the six AUI projects are broken into individual segments). For the districts that have not changed their agreements yet, the H.B. 1 change would reduce the number of years for which the districts would have to levy the required 1/2 mill property tax for maintenance. Presumably, the AUI districts would use other funds to meet their building maintenance needs.

<p>Defines the Ohio Historical Society (OHS) as a governmental agency for purposes of determining the requirements for an agreement with OFCC to provide construction services for a governmental agency.</p>	<p>Replaces the Executive provision with a provision that, instead, defines OHS as a cultural organization for purposes of determining the requirements for an agreement with OFCC to provide construction services for a cultural project.</p>	<p>Same as the House.</p>
<p>Revises the requirements for an agreement between OFCC and a government agency or cultural organization to provide construction services for a cultural project, including a requirement for cultural organizations providing services for a state historical facility to specify in its cooperative agreement that the cultural organization has local contributions amounting to no less than 50% of the total state funding for the cultural project.</p>	<p>Same as the Executive, but removes the requirement that a cooperative agreement regarding a state historical facility specify that the cultural organization has local contributions amounting to no less than 50% of the total state funding for the cultural project.</p>	<p>Same as the House, but specifies that the revisions not take place until January 1, 2014.</p>

<p>Fiscal effect: OFCC will absorb the administrative burden for overseeing the construction administration of Ohio's cultural and sports facilities. The bill appropriates \$200,000 in each fiscal year for Fund 4T80 230603, Community Project Administration, to support OFCC with the additional duties.</p>	<p>Fiscal effect: Same as the Executive, but since the bill defines OHS as a cultural organization instead of as a governmental agency in the Executive version, OHS is likely to be the only cultural organization affected by removal of the requirement for an organization to specify it has local contributions amounting to no less than 50% of the total state funding for the cultural project because OHS is the only organization providing construction services for state historical sites.</p>	<p>Fiscal effect: Same as the House, but since the bill changes the effective date of AFC's elimination, the FY 2014 appropriation for item 230603 is reduced to \$150,000. The bill appropriates \$250,000 in Fund 4T80 appropriation item 371603, Project Administration Services, under AFC's budget for the first six months of FY 2014.</p>

DOHCD23 County Hospital Management

R.C. 339.02, 339.05, 339.06, 339.07

Removes a requirement that county hospital trustees be members of a particular political party, and instead requires them to be representative of the areas served by the hospital.

Authorizes the board of county commissioners to provide a stipend for service on the board of county hospital trustees.

Requires a board of county hospital trustees to hold meetings at least quarterly, rather than once a month.

Authorizes boards of county hospital trustees to adopt bidding procedures and policies for leasing. Exempts from competitive bidding, with a unanimous vote of the board of county hospital trustees, emergency purchases under \$100,000, but requires the board to solicit at least three informal estimates for emergency purchases when the estimated cost is \$50,000 or more, but less than \$100,000.

Requires the board of county hospital trustees to provide for management and control of the county hospital, in addition to government of the hospital, and permits the board of county hospital trustees to delegate its management and control of the county hospital to the hospital administrator through a written delegation.

Fiscal effect: Potential cost increases in some areas, specifically from the issuance of stipends to trustees, and potential prices paid for goods and services not obtained through competitive bidding. Potential cost decreases in some areas, specifically in potentially reducing the number of required meetings, and by the possible reduction in administrative costs associated with competitive bidding.

LOTCD7 Limit on Distribution of Video Lottery Terminal Income
R.C. 3769.087

Adds a further restriction on distribution of video lottery terminal income, by adding to the elements, which in total may not exceed 45% of that income, the percentage dispersed to the Lottery Commission to provide funding support to state agencies for gambling addiction and other related addiction services programs. Moves forward the date governing when the Lottery Commission is to publish rules regarding dispersals of a portion of agents' commissions to provide funding for gambling addiction and other related addiction services programs, from "beginning July 1, 2013" to no later than that date.

Fiscal effect: Current law specifies that 100% of video lottery terminal income minus the lottery sales agent's commission percentage plus the percentage of the lottery sale agent's commission for the benefit of horse breeding and racing in this state shall not exceed 45% of video lottery terminal income. The lottery sales agent's commission percentage is specified by rule 3770:2-3-08 as 66.5% of video lottery terminal income. The percentage to benefit breeding and racing is to be paid from this commission, is limited by Revised Code section 3769.087 to between 9% and 11% of video lottery terminal income, and is to be set by rule by the Racing Commission unless otherwise agreed by the video lottery sales agent and the applicable horsemen's association. Also in current law, the Lottery Commission is to require that the video lottery sales agent disperse 0.5% of the video lottery sales agent's commission to provide funding to state agencies for addiction services programs, and may increase this percentage by up to an additional 0.5%. These changes may limit future rulemaking by the Lottery Commission and the Racing Commission, hence may limit payments by video lottery sales agents and amounts paid to benefit breeding and racing in the state and addiction programs.

Revises the law governing time-limited Medicaid provider agreements as follows:

(1) Requires all provider agreements to be time limited.

(2) Provides that provider agreements expire after a maximum of five (rather than seven) years.

(3) Eliminates the phase-in period for subjecting provider agreements to time-limits.

(4) Requires that rules regarding time-limited provider agreements be consistent with federal regulations governing provider screening and enrollment and include a process for revalidating providers' continued enrollment as providers rather than a process for re-enrolling providers.

(5) Requires ODM to refuse to revalidate a provider agreement if the provider fails to file a complete application for revalidation within the time and in the manner required by the revalidation process or to provide required supporting documentation not later than 30 days after the date the provider timely applies for revalidation.

(6) Provides that, if a provider continues operating under the terms of an expired provider agreement while waiting for ODM to decide whether to revalidate the provider's provider agreement and ODM ultimately decides against revalidation, Medicaid payments are not to be made for services or items the provider provides during the period beginning on the date the provider agreement expires and ending on the effective date of a subsequent provider agreement, if any, ODM enters into with the provider.

Replaces a provision authorizing establishment of an e-prescribing system for Medicaid with a provision authorizing the Medicaid Director to acquire or specify technologies to provide information regarding Medicaid recipient eligibility, claims history, and drug coverage to Medicaid providers through electronic health record and e-prescribing applications.

Eliminates provisions requiring the following actions to be taken if a Medicaid e-prescribing system is established: (1) determine before the beginning of each fiscal year the ten Medicaid providers that issued the most prescriptions for Medicaid recipients receiving hospital services during the preceding calendar year and make certain notifications to those providers, and (2) seek the most federal financial participation available for the development and implementation of the system.

DNRCD32 Use of Revenues from Oil and Gas Drilling on State Park Lands

R.C. 151.50, 164.27, 901.21, 1509.73, 1519.05

(1) No provision.

(1) Requires 50% of the money received from signing fees, rentals, and royalty payments for oil and gas leases entered into by a state agency on land located in state parks to be credited to the existing Parks Mineral Royalties Fund, rather than all money so received as in current law.

(1) No provision.

(2) No provision.

(2) Requires 50% of money received from signing fees, rentals, and royalty payments for oil and gas leases entered into by a state agency on land located in state parks to be credited to the Clean Ohio Distribution Fund.

(2) No provision.

(3) No provision.

(3) Creates the Clean Ohio Distribution Fund in the state treasury and requires, no later than October 5 of each year, the Director of Budget and Management to determine the balance of the fund and if the amount in the fund reaches \$25 million, to transfer the total balance as follows: 75% to the existing Clean Ohio Conservation Fund (Fund 7056), 12.5% to the existing Clean Ohio Agricultural Easement Purchase Fund (Fund 7057), and 12.5% to the existing Clean Ohio Trail Fund (Fund 7061).

(3) No provision.

Fiscal effect: If the state leases any state park land for oil and gas drilling, then 50% of the revenues from fees, lease payments, and royalties (rather than 100% as in current law) will be deposited into the Parks Mineral Royalties Fund for the purpose of land acquisition and park maintenance. The remaining 50% will be held in the newly created Clean Ohio Distribution Fund until that fund accumulates \$25 million (requiring at least \$50 million in total revenue), at which point the balance in the fund will be distributed to the Clean Ohio Conservation Fund (Fund 7056), Clean Ohio Agricultural Easement Purchase Fund (Fund 7057), and Clean Ohio Trail Fund (Fund 7061) in proportions of 75%, 12.5%, and 12.5%, respectively. Presumably, this would supplement the use of GRF-backed bond proceeds that currently capitalize these funds. Actual revenues received will depend on the lease rate per acre of any land leased and the value of any oil and gas produced. To date, the state has not leased any state park lands for oil and gas drilling.

(1) Requires the owner of a horizontal well that is producing or capable of producing oil or gas to file a production statement of oil, gas, condensate, and brine with the Chief of the Division of Oil and Gas Resources Management on a quarterly basis rather than annually as in current law. Requires the owner to file the statement on the 15th day of the month following the close of the calendar quarter. Requires the owner of a horizontal well that has no reported production for eight consecutive reporting periods, rather than two consecutive reporting periods as under current law, to plug the well, obtain temporary inactive well status for the well, or perform another activity regarding the well that is approved by the Chief.

DNRCD26 Elimination of Transfers from the Coal Workers Pneumoconiosis Fund to DNR

R.C. 4131.03

Requires, in general, information that a pharmacy, prescriber, or wholesale distributor of dangerous drugs must submit to the Ohio Automated Rx Reporting System (OARRS) under current law be submitted to the system not less than once each day that the pharmacy, prescriber, or distributor conducts business.

Fiscal effect: It is uncertain whether this provision will increase the operating costs of OARRS, specifically in relation to data storage and processing costs.

PRXCD1 Access to Information in the Ohio Automated Rx Reporting System (OARRS)

R.C. 4729.80, 4729.81

Requires, rather than permits, the State Board of Pharmacy to provide information in the Ohio Automated Rx Reporting System (OARRS) to both of the following:

(1) The medical director of a Medicaid managed care organization, if the information relates to a Medicaid recipient enrolled in the managed care organization, including information related to prescriptions for the recipient not covered or reimbursed under the Medicaid program.

(2) The Medicaid Director if the information relates to a recipient of a program administered by the Department of Medicaid, including information related to prescriptions for the recipient not covered or reimbursed under a program administered by the Department.

Requires the Board of Pharmacy to notify the Medicaid Director if the Board determines from a review of OARRS information that a violation of law may have been committed by a provider of services under a program administered by the Department of Medicaid.

Fiscal effect: This provision will likely result in an increase in licensing fee revenue for the Board of Pharmacy. Terminal Distributors of Dangerous Drugs will be required to obtain a license for each location that operates a remote dispensing system. The annual licensing fee could be \$45 (Category I), \$112.50 (Category II), or \$150 (Category III). Categories are determined by the types of drugs that are dispensed by the terminal distributors. Most licenses will likely be for Category III Terminal Distributors.

TAXCD53 Online Registration for Electronic Income Tax Filing

No provision.

R.C. 5703.059

Requires the Department of Taxation, beginning July 1, 2014, to publish a method of online registration for electronic income tax filing that is accessible to all individuals, trusts, and pass-through entities required to file income tax returns.

Fiscal effect: This provision may result in an increase in Department of Taxation costs to verify identities of filers. Currently, the Department requires first time taxpayers to fax a copy of the taxpayer's social security card or IRS ITIN assignment letter and at least one additional piece of identification that includes the taxpayer's date of birth in order to file electronically over the Internet.

Permits individuals who have income from a trade or business to deduct one-half of the net business income apportioned to Ohio in computing Ohio taxable income for state (but not school district) income tax purposes. Sets a maximum deduction for a married couple filing separate returns at \$187,500 for each spouse. Sets a maximum deduction for single filers or joint filers at \$375,000. Does not permit pass-through entities, trusts, or estates to claim the deduction.

Fiscal effect: Reduces GRF tax revenue by an estimated \$682 million in FY 2014 and \$721 million in FY 2015. Reduces distributions to the Local Government Fund (LGF) by an estimated \$12 million and \$13 million, respectively, in these years. Reduces distributions to the Public Library Fund (PLF) by about the same amounts in each of these years. Reduces the income tax rates for all individuals, estates, and trusts and across all income brackets by 7.5% in 2013, 15% in 2014, and 20% in 2015 and thereafter.

Replaces the reduction in income tax rates proposed by the Executive with a reduction of 7% in the rates in all brackets in tax year 2013 and thereafter.

In Senate Finance

Fiscal effect: Estimates in OBM's Bluebook show these rate cuts reducing personal income tax revenue by \$1.04 billion in FY 2014, \$2.08 billion in FY 2015, and \$2.15 billion in FY 2016. These figures are on an all-funds basis, and imply GRF revenue losses of approximately \$1.00 billion, \$2.01 billion, and \$2.08 billion, respectively, in those years.

Fiscal effect: Compared to current law, the 7% rate reduction would reduce GRF tax revenue by an estimated \$691 million in FY 2014 and \$727 million in FY 2015. It would reduce distributions to the Local Government Fund (LGF) by an estimated \$12 million and \$13 million, respectively, in these years; distributions to the Public Library Fund (PLF) would also be reduced by about the same amounts in each of these years. Additional reductions of GRF, LGF, and PLF revenue may occur during FY 2014, due to refunds of withholding amounts that were higher than necessary between January and June of 2013.

TAXCD39 Timing of Annual Income Tax Inflation Adjustments

R.C. 5747.02, 5747.025, Section 803.80

Reconciles a timing issue related to the annual inflation indexing adjustment of income tax brackets and personal exemption amounts by requiring that the Tax Commissioner adjust both items, and calculate the factor used to make the adjustments, in August. Current law requires the Commissioner to adjust the tax brackets each July, but does not require the Commissioner to compute the adjustment factor (the percentage by which the federal gross domestic product deflator increased during a calendar year), or to adjust personal exemption amounts, until September.

(Currently, investors who are Ohio residents or who are nonresidents with other Ohio-source income, and on whose behalf the pass-through entity files a composite return (IT 4708), may file an individual return and claim the credit, but nonresident investors with no other Ohio-source income may not).

Fiscal effect: Revenue loss of undetermined magnitude. When a composite return is filed, all the income of investors included in the return is taxed at the highest marginal tax rate (5.925%) and the investors are not allowed the personal and dependent exemptions or the \$20 exemption credit; the only credits available to them are business-related credits (which do not include the nonresident credit). Also, net operating loss carryforwards are not reflected in the composite return as they are on an individual investor's return. By filing an individual return, an investor is able to claim the personal and dependent exemptions (or \$20 credit), claim any nonbusiness credits otherwise available to the investor, reflect net operating loss carryforwards in Ohio taxable income, and pay tax on the basis of a lower net effective tax rate because not all the investor's taxable income is taxed at the highest rate as it is in the composite return. When the individual return is filed, the investor also may claim a refundable credit for the investor's share of the tax the entity paid with the composite return which yields a refund to the extent the investor's share of the composite tax exceeds the investor's tax computed on an individualized basis.

Fiscal effect: The executive estimates the expansion of the sales and use tax base to include a broad category of services and the repeal of the exemption for magazine subscriptions (at the new 5.0% state tax rate) would yield additional net GRF revenue of \$1,278.2 million in FY 2014 and \$1,738.4 million in FY 2015. More specifically, the sales tax base expansion, including digital goods and services, would increase GRF revenue by \$1,871.3 million and \$2,577.4 million in FY 2014 and FY 2015, respectively. The revenue gain from the taxation of digital products would be \$14.5 million each year of the biennium. The repeal of the sales tax exemption for magazine subscriptions would produce additional GRF receipts of \$7.2 million per fiscal year; and the reduction of the state sales tax rate to 5.0%, down from 5.5%, would reduce GRF revenue by \$600.3 million in FY 2014, and \$846.2 million in FY 2015.

Fiscal effect: The bill offsets some of the revenue increase that would otherwise ensue from the sales tax base expansion. However, revenue to counties and transit authorities is likely to grow due to the prescribed revenue growth ("guarantee") in the bill of at least 10% from December 2013 to November 2014, and 15.5% from December 2014 through June 2016. Based on CY 2012 distributions, a 10% growth guarantee may result in additional revenue of \$193 million to counties and transit authorities. A 15.5% growth may result in additional revenue of \$299 million.

TAXCD67 Marketplace Fairness Act of 2013

No provision.

Section: 757.50

Expresses the intent of the General Assembly to enact conforming state legislation upon the enactment of the Marketplace Fairness Act of 2013 (or other similar legislation) by the United States Congress. Specifies that the intent of the conforming legislation is not to create a nexus between Ohio and remote sellers for any tax other than those imposed under Chapters 5739. and 5741. of the Revised Code (sales and use tax).

Fiscal effect: The Marketplace Fairness Act would authorize qualifying states to compel online and catalog retailers to collect sales tax at the time of a transaction regardless of whether the retailer has a substantial nexus to the state. The authority extends only to states that impose a sales and use tax meeting certain statutorily prescribed standards of simplicity. Potential revenue gain to the GRF, Local Government Fund, and Public Library Fund, contingent upon Congressional action.

Commercial Activity Tax Exclusion for Grain Handlers

R.C. 5751.01, 803.90

R.C. 5751.01, 803.90

No provision.

Excludes from the taxable gross receipts base of the commercial activity tax receipts of licensed agricultural commodity handlers from the sale of agricultural commodities. (Under continuing law, agricultural commodities include grains such as barley, corn, oats, rye, grain sorghum, soybeans, wheat, sunflower, or speltz, or any other crop designated by the director of agriculture, excluding grains or other crops used for seed).

Same as the House.

Fiscal effect: Decreases CAT revenue by up to \$11 million per year. Revenue decrease will vary based on changes to commodity prices. Under current law, the GRF receives 50% of CAT revenue; thus the GRF revenue loss would be \$5.5 million per year. The remaining revenue loss would accrue to the School District Tangible Property Tax Replacement Fund (Fund 7047, \$3.85 million) and the Local Government Tangible Property Tax Replacement Fund (Fund 7081, \$1.65 million). CAT receipts that are deposited into the local government funds are used to reimburse school districts and other units of local government for lost revenues from the phase-out and reductions in tangible personal property taxes. Current law requires a GRF subsidy if distributions to the funds are insufficient for the required reimbursements.

CAT - Penalties for Improperly Excluded QDC Receipts

R.C. 5751.01, Sections 803.90 and 815.10

R.C. 5751.01, Sections 803.90 and 815.10

No provision.

Removes a \$500,000 penalty enacted by Am. S.B. 28 of the 130th General Assembly for improperly excluded qualified distribution center (QDC) receipts. Establishes a new penalty on the operator of such a QDC, which is termed the "supplier tax liability" and that equals the amount which would have been owed by the suppliers of the distribution center had the distribution center not been improperly issued a certificate, less the amount actually paid by such suppliers. Specifies that supplier tax liability is to be determined by the Tax Commissioner and does not include interest or penalties on the unpaid amount.

Same as the House, but changes the name of the penalty to the "ineligible operator's supplier tax liability," and specifies that it equals the amount that would have been owed by the suppliers of the distribution center had the distribution center not been improperly issued a QDC certificate without deducting the amount actually paid by such suppliers.

No provision.

Authorizes the Commissioner to request a list of all suppliers of a distribution center that is improperly issued a qualifying certificate along with the corresponding costs of qualified property for the qualifying year at issue. Requires the operator of such a distribution center to provide such information within 60 days of the Commissioner's request.

Same as the House.

Fiscal effect: Potential revenue gain or loss to GRF, School District Tangible Property Tax Replacement Fund (Fund 7047), and Local Government Tangible Property Tax Replacement Fund (Fund 7081). The magnitude of any such revenue change would depend on the size of an operator's supplier tax liability, and on the incidence of improperly excluded QDC receipts.

Fiscal effect: Slightly larger potential revenue gain, or smaller potential revenue loss, compared with the House.

Requires the Director of Budget and Management, on or before June 30 of each fiscal year, to determine an amount up to but not exceeding the amounts certified and reserve that amount from the cash balance in the Commercial Activity Tax Motor Fuel Receipts Fund for transfer to the GRF at times and in amounts to be determined by the Director. Fiscal effect: Tax revenue losses to school districts and other units of local government may total \$4.8 million or more. The cost estimate is based on a 2001 survey so may substantially understate the current cost. Revenue losses are limited by the requirement that qualifying fraternal organizations have operated in Ohio for at least 100 years, but could rise in the future as increasing numbers of groups satisfy this restriction.

TAXCD73 Property Tax Exemption for Veterans' Organizations

No provision.

No provision.

R.C. 5709.17, Section 803.170

Current law exempts veterans' organization property unless the property is held for the production of rental or other income in excess of \$10,000. The amendment increases this limit to \$36,000 effective tax year 2013.

Fiscal effect: Reduces property tax receipts by an amount up to \$4.0 million per year statewide, affecting only those property tax jurisdictions where qualifying veterans' organization property is located.

No provision.

R.C. 5715.27, 307.699, 3735.67, 5715.19, 5717.01

Limits the right to file property tax complaints to the property owner, the owner's spouse, certain agents of the owner or spouse, and the county recorder of the county in which the property is located. (This limitation terminates the right of a school district, municipal corporation, or township to file a property tax complaint with respect to property it does not own. It also terminates the right of a municipal corporation or township to participate in complaint proceedings or appeals regarding other persons' property. Continuing law requires the county auditor to notify the school district where the property is located that a complaint has been filed. The school district may then respond to the complaint to support or oppose the underlying decision. This response is labeled a "complaint," but it is not prohibited by the amendment.)

Fiscal effect: Eliminating the right to initiate appeals of real property valuations for some persons and entities might reduce the Board of Tax Appeals' case backlog, if fewer cases are filed with boards of revision and then appealed to that agency. The amendment might result in lower real property tax revenues to school districts and other units of local government.

Fiscal effect: Delaying or expediting the reappraisal and/or reassessment from its current schedule will delay or expedite the increase (presumably) of property valuations used for property tax purposes, which would delay or expedite the local revenue growth derived from unvoted (inside) millage and other levies that are not subject to tax reduction factors.

TAXCD59 Qualified Energy Project Tax Exemption

Fiscal effect: Local taxing jurisdictions would receive less revenue from a given project, but in some cases, the revenue loss would be permissive. Qualified energy projects qualify for real and tangible personal property tax exemptions, but the qualified energy project is also required to pay annual service payments in lieu of taxes to the treasurer of the county where the facility is located in an amount equal to \$6,000 to \$8,000 per megawatt (MW) of name plate capacity. This service payment is shared by all taxing jurisdictions within the project area in the same manner that property tax collections would otherwise be allocated to counties, school districts, and local governments. The local county board of commissioners may require an additional \$1,000 to \$3,000 per megawatt payment beyond those required by the Revised Code, but the cumulative total of both service payments cannot exceed \$9,000 per megawatt. County governments will retain the ability to approve or deny the tax exemptions to these facilities as well as the option of negotiating an additional \$1,000 to \$3,000 payment made solely to their general fund, but school districts and other taxing jurisdictions within the county may lose local property tax revenues without their consent.

Fiscal effect: The \$25,000 fee could offset some of the cost that taxing units might incur for horizontal wells within their jurisdiction. However, taxing units that receive any portion of the fee are required to repay those amounts by reducing the well owners' property tax liabilities.

R.C. 1509.50, 5749.06

(1) Credits revenue from the oil and gas severance tax to the newly created Severance Tax Receipts Fund, and requires the OBM Director to make quarterly transfers to the GRF for an amount equal to total receipts less refunds.

(1) Same as the Executive, except the OBM Director will make the quarterly transfers to the Oil and Gas Well Fund as opposed to the GRF, and the Severance Tax Receipts Fund will also receive deposits from oil and gas cost recovery assessments.

(1) Same as the House.

(2) Distinguishes between "horizontal" wells and "nonhorizontal" wells for the purpose of levying special tax rates on severances of oil, gas, and condensate from horizontal wells beginning on October 1, 2013. Modifies tax rates on horizontal wells and nonhorizontal wells as follows:

(2) No provision.

(2) No provision.

(3) For oil and condensate extracted from a horizontal well, the tax is 1.5% of the spot market value of the oil or condensate for the first five quarters in which a well produces, and 4% thereafter;

(3) No provision.

(3) No provision.

(4) For gas extracted from a horizontal well, the tax varies based upon the British Thermal Unit (BTU) measurement. The tax on gas with a BTU measurement of 1,050 per cubic foot or less is 1% of the spot market value of gas times volume extracted. For gas with a BTU measurement above 1,050 per cubic foot, the tax varies depending on the spot prices of gas and natural gas liquids and the BTU measurement of the gas extracted, but the rates increase in the sixth quarter of production;

(4) No provision.

(4) No provision.

Executive	As Passed by the House	In Senate Finance
(5) For oil extracted from a nonhorizontal well, the tax rate is raised from 10 cents per barrel to 20 cents per barrel;	(5) No provision.	(5) No provision.
(6) For gas extracted from a nonhorizontal well, the tax rate is changed from 2.5 cents per thousand cubic feet (MCF) to the lesser of 3 cents per MCF or 1% of the spot market value of gas times volume; and	(6) No provision.	(6) No provision.
(7) For gas extracted from a nonhorizontal well that produces fewer than 10 MCF of gas per day over a calendar quarter, the gas extracted from the well is exempt from the severance tax.	(7) No provision.	(7) No provision.
(8) Repeals, beginning January 1, 2014, the regulatory cost recovery assessment currently levied on severance of oil and gas at a general rate of 10 cents per barrel or 0.5 cents per MCF, respectively.	(8) No provision.	(8) No provision.
<p>Fiscal effect: According to estimates from the Executive Budget, the horizontal well severance tax will increase revenues to the GRF, the Local Government Fund, and the Public Library Fund by a total of \$45 million in FY 2014 and \$155 million in FY 2015; of these amounts, the GRF would retain an estimated \$44 million in FY 2014 and \$150 million in FY 2015. Revenues for two Department of Natural Resources funds, the Geological Mapping Fund (SSR Fund 5110) and the Oil and Gas Well Fund (SSR Fund 5180), will decrease based upon the repeal of the cost recovery assessment, but the losses will be partially offset by higher oil and gas severance receipts from nonhorizontal wells. The net effect of these changes for Fund 5110 and Fund 5180 will likely be a loss over the biennium of a million dollars or more.</p>	<p>Fiscal effect: None.</p>	<p>Fiscal effect: Same as the House.</p>

Community Reinvestment Areas: Pre-1994 Rules Application

R.C. 3735.661, 757.40

No provision.

Clarifies the types of amendments that, if made to a community reinvestment area (CRA) ordinance or resolution adopted before July 22, 1994 (the effective date of Am. Sub. S.B. 19 of the 120th General Assembly), cause the CRA to lose its grandfathered status and become subject to S.B. 19's requirements and limitations (e.g., notifications and compensation of school districts). Such amendments would include any that modify eligibility requirements for receiving CRA tax exemptions, increase the geographic size of a CRA, the percentage of assessed value of CRA property to be exempt, the term of any tax exemption or authorized category of tax exemptions, or the duration of a CRA.

No provision.

No provision.

Clarifies that the amendment does not authorize a municipal corporation to decrease or increase the percentage of assessed value of grandfathered CRA property to be exempt. (Municipal corporations were and are allowed to exempt only 100% of property located in a grandfathered CRA.)

No provision.

Fiscal effect: None. The provision would retroactively clarify the intent of the General Assembly related to amendments under S.B. 19. A CRA is a geographic area designated by a municipal corporation or county in which the municipal corporation or county awards tax exemptions for residential, commercial, and industrial property located in the CRA.

Fiscal effect: Potentially restricts the purposes for which a convention and visitors' bureau may use revenue from a lodging tax levied by its county (under existing law, counties, municipalities, townships, and convention facility authorities may levy a lodging tax). Under current law, lodging tax revenue (levied by counties) distributed to a convention and visitors' bureau may be used for any purpose that promotes, advertises, and markets the region (including financing the construction and operation of a convention center). In addition, current law does not explicitly permit, prohibit, or prescribe restrictions on the use of lodging tax revenue for administrative purposes.
