

About Us

Diversity & Inclusion

At Vorys, diversity and inclusion are not only long-standing core values, but also key strategic priorities. We are a better, stronger firm and more effective legal and business partners when we recognize the value of diverse backgrounds, experiences and perspectives. We work each day to create an inclusive culture in which everyone can feel meaningfully included in the entire firm experience, including enjoying a genuine sense of belonging and equal access to professional opportunities.

Vorys Networks

Open to everyone, the Vorys Networks serve an important role in fostering an inclusive workplace and supporting a team-oriented approach that makes Vorys a special place to work. Our Networks are designed to help build relationships within the firm, provide client and community engagement opportunities, promote professional and leadership development, and create space to leverage our talent's unique perspectives and experiences in support of broader firm initiatives. Throughout the year, we host a variety of programs including quarterly meetings and annual summits which bring together colleagues from across the firm for professional development, fellowship and networking.
