4.28.2016

Vorys attorneys Heather Enlow-Novitsky and Natalia Steele will be presenting a webinar titled “Big Data and the Internet of Things: Updates for 2016” on April 28, 2016. They will discuss the Federal Trade Commission’s recent Big Data report, practice considerations when managing big data, the Internet of Things and recent Federal Trade Commission action, privacy and data security considerations and legal considerations for how the Internet of Things shapes big data.

To RSVP, please contact [Kayla Allen](#).
