Mr. Airey and Mr. Simpson will be presenting *Combining Acreage to Drill – Voluntary Pooling and Unitization in Ohio*. Their presentation will focus on combining acreage to form horizontal well drilling units, developing assets through voluntary pooling under R.C. 1509.26, and highlight unitization under R.C. 1509.28 as the preferred vehicle for combining unleased tracts to form a drilling unit.

Ms. Gartland will be presenting *Ohio Standards for Title Examination*, focusing on the Ohio Standards of Title Examination and practical application of those standards for attorneys who review Utica Shale-based oil and natural gas title abstracts. She will also provide methods that firms utilize when addressing matters covered by the Ohio Title Standards.
