Vorys attorneys Matt Albers and Mairi Mull will be presenting a complimentary webinar titled, “What Keeps Jill Up at Night? A General Overview of Health Care Compliance,” on Wednesday, November 20, 2019. There are a whole host of regulatory items that require compliance in order to ensure the safety of patients and the proper function of a health care organization. The failure to comply with regulatory guidelines can result in criminal penalties, civil fines, nonpayment of claims, and suspension of the ability to bill for Medicare and Medicaid patients.

The Vorys health care team has researched and identified ways to prevent and address these compliance concerns. To learn more about this webinar and register, click [here](#).
