EVENT | 2.15.2023

Vorys attorneys, Mike Messinger, Laura Geyer and Chaz Billington will host a webinar on February 15 at 1:00 pm - 2:00 pm EST and discuss the dos and don'ts for using open AI chat in your company.

This webinar will discuss how ChatGPT and other AI "conversational" tools open the door for new ways for employees to generate content. They take an interactive look at the range and power of such AI tools for use in companies. They will also outline rules of the road and offer creative ideas for maximizing the value of using these tools in-house. They will examine key terms of use and other guideposts for navigating IP issues that may arise such as copyright infringement or other types of potential liability.
