EVENT | 5.20.2026

The Vorys eControl group will host a symposium at the Salt Palace Convention Center in Salt Lake City, Utah on May 20. The event will coincide with the Accelerate 26 summit that will run on May 21–22, where Vorys eControl will be an exhibitor.

Vorys eControl attorneys will discuss how a unified approach to channel control helps brands focus on and address the root causes of disruption, prioritizing commercial impact over enforcement volume. Sessions will explore topics such as the roots of systemic disruption, operational shifts from policing to prevention, brand perspective and the Unified Channel Control Operating Model.
