Vorys recently advised Worthington Industries, Inc. in connection with its acquisition of Amtrol, a leading manufacturer of pressure cylinders and water system tanks. The purchase price was approximately \$283 million. Amtrol strengthens Worthington's industrial gas and consumer products businesses and compliments Worthington's refrigerant cylinder manufacturing capabilities. The acquisition combines two leaders in the U.S. and European LP Gas business, and adds water and well tank product lines to Worthington's wholesale and retail consumer products portfolio.
