9. Ohio Motor Vehicle Fuel Tax: Not Extended. Return due on April 30.
  
10. Petitions for reassessment and Applications for Refund: The statute of limitations for filing a petition for reassessment set to expire between March 9, 2020 and the end of the Governor's COVID-19 emergency declaration (or July 30, 2020, whichever is earlier) is tolled during this time. That said, Vorys encourages taxpayers to file their petitions and applications within the original sixty-day statutory time frame if possible.

As with all things related to the pandemic, things can change rapidly. For example, yesterday, the Governor announced that his "administration is working on 'a fairly sophisticated plan' for easing the orders that have shuttered businesses, restaurants and schools and ended large gatherings" and that he intends to announce these plans over the next week or so. Undoubtedly these plans will impact tax compliance in some way. The Ohio Department of Taxation's website provides excellent up-to-date information to assist taxpayers with tax compliance. Here is the link to the Department's web page dedicated to COVID 19 <https://www.tax.ohio.gov/Coronavirus.aspx>. We encourage you to visit the website frequently.
