Insurance-Palooza: Part Two

For the past 24 years, Randy has written an article that looks at the 10 most significant liability coverage cases of the past year. Randy reports that 2024 was the best year in ages for very interesting and significant liability coverage decisions. He will discuss the key cases from 2024's Top 10 list, which address additional insured issues, excess/drop down, pollution exclusion, independent counsel, resolving coverage issues before the underlying case goes to trial and several more.

Lastly, Randy will discuss why it can be difficult for insurers to obtain insured-participation in settlements for uncovered claims and what insurers can do to improve the situation.

The webinar offers 2.0 hours of adjuster CE credit in Texas and 2.0 hours of attorney CLE in Pennsylvania and New York.
