

International Law: A Legal Primer Exploring Key Business Issues For the U.S. and Foreign Entities

Webinar
1.25.22

Please join the White and Williams International and Labor and Employment practice groups for a unique, two-hour program that will review key legal issues for foreign entities and their local U.S. offices with respect to conducting business in the U.S.

Topics include:

- Tax considerations for the employer and foreign employee
- U.S. restrictions on certain foreign entities conducting business in the United States
- Understanding state, federal and local authority over U.S. operations
- U.S. employment and labor distinctions
- Intellectual Property considerations
- Restrictive covenants and the use of employment agreements to restrict actions by employees
- U.S. insurance requirements.
